London Road, Mitcham, Surrey, CR4

£1,050,000 Freehold

*** VENDORS COMMENTS *** "I've lived on London Road for over 20 years with this property being our family home. Myself and my two sisters grew up here along with our parents. The house was such a lovely place to grow up. Living in London with all the hustle and bustle, I've found once you entered the gates to our small community, everything changes. It's like you've been taken away to somewhere else. The location is so private and secluded with the river running around the house. Every window gives you gorgeous view of the river and the sound from the river is so relaxing. The house is a grade two listed building making it very unique, along with it's layout which is not your standard at all. When we first viewed the house it was the garden which sold the place to us and its always been such a fantastic place to spend our summers. You have to really see it in person to understand its true beauty. Our immediate family have all grown up and my siblings and I have also started our own families. The house is just too big for us now and it'll be nice for another family to enjoy this great home as we have."
